

2019-2020

*Athletic
Awards*

May 20, 2020

Class of 2020 Athletes:

I would like to take this opportunity to thank both you and your families for your contributions and support of Cumberland Valley Athletics. Your dedication and success has continued the great traditions of outstanding accomplishments of CV student-athletes.

During the past four years, many of you have won championships and brought positive recognition to the Cumberland Valley School District. And with this, you have become leaders in our school. These achievements should give you a sense of pride as you move on with your future.

To all the Spring Athletes, I am very sorry your season was lost due to the nationwide pandemic. I was truly looking forward to watching you compete for CV one last time. This adversity will make you stronger as an individual. Best of luck to you in your future endeavors.

I would like to congratulate all of those being honored on their selection as outstanding senior for their team. I would also like to congratulate those who are receiving special awards and scholarships. As you are set to graduate, please remember that you are always welcomed back to Cumberland Valley and we encourage you to stay in contact with your former coaches, administrators, and teachers. We will always be grateful for your contributions to our school.

Congratulations and Best of Luck in the future!

*Michael Craig
Athletic Director*

Class of 2020,

Tonight, we are here to celebrate your accomplishments as part of the athletic program at Cumberland Valley High School. While sports often receive criticism for the amount of attention they garner in the school setting, those who participate know the value they have in shaping who we become. It was on the baseball field and the basketball court that I first learned what it meant to be part of a team. It was there I first saw how results most directly reflected the effort I chose to exert. It was there I first experienced significant adversity and had to figure out how move forward. Was I going to quit, or was I was going to work?

Since high school and college, I have continued to be a part of teams in different jobs. I have seen the role work ethic plays in my success. And I have faced obstacles. But my experiences in dealing with those situations, and finding success, were shaped greatly by my time playing sports.

As we celebrate your accomplishments this evening, we are celebrating your role as a teammate. We are celebrating your work ethic. And we are celebrating your commitment to persevere. These are noble things to affirm.

My best to you.

*Mark Blanchard
