PSAT 10

(10TH GRADE STUDENTS ONLY)

Attention Students in the Class of 2025:

WHAT ARE YOUR POST-GRADUATION PLANS?

If you are thinking about attending a four-year college, then it is highly recommended that you register for the PSAT 10!

The PSAT-10 is a practice standardized test administered by the College Board, made specifically for high school sophomores. This exam measures college readiness, helps students to access scholarships, and provides hands-on practice for the SAT, which is often a required part of the application packet for many four-year colleges.

Taking the PSAT 10 in the spring will better prepare students to take the PSAT/NMSQT in the fall of their junior year (2023) and then move on to take the SAT (*often several times*) prior to completing applications to colleges.
